RENEWED PETITION UNDER 37 CFR 1.181

Mail Stop PCT
Commissioner for Patents
Office of PCT Legal Administration
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

Applicant respectfully requests that the holding of abandonment in this application be withdrawn.

On November 11, 2002, Applicant filed a Petition under 37 CFR 1.181 to Reset the Period for Response, a copy of which is attached hereto as Exhibit A. Enclosed with Petition was the original executed Declaration and Power of Attorney for this application.

On December 15, 2003, Applicant received a decision, a copy of which is attached hereto as Exhibit B, dismissing Applicant's petition without prejudice and noting that the

Paper Date: February 10, 2004

application remains abandoned. The decision noted that any request for reconsideration on the merits of the petition must be filed within two (2) months from the mailing date of the decision. This Renewed Petition is being filed within this two (2) month period.

On November 20, 2002, nine (9) days after filing the original Petition under 37 CFR 1.181, Applicants received an updated Notification of Missing Requirements (Form PCT/DO/EO/905), attached as Exhibit C, that reset the period for response to two (2) months from the date that the Notification of Missing Requirements was mailed (i.e. two months from November 13, 2002). As noted above, Applicant submitted an original executed Declaration and Power of Attorney for this application on November 11, 2002 with the original Petition under 37 CFR 1.181, within this reset two month period for reply.

Accordingly, Applicant believes that holding of abandonment in this case is moot and must be withdrawn.

Applicant believes that no fee is due in connection herewith. However, in the event that a fee or credit is due, the Commissioner is authorized to charge/refund the fee/credit to Deposit Account No. 19-0615. Two copies of this paper are attached.

Respectfully submitted,

**PETITION UNDER 37 CFR 1.181
TO RESET THE PERIOD FOR RESPONSE**

Assistant Commissioner for Patents

ATTENTION: PCT Legal

Sir:

Applicant respectfully requests the Period for Response to the Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US) be reset and the enclosed Submission of Missing Parts be accepted as being timely filed.

Applicant filed this application on December 5, 2001 by Express Mail and applicant received the return postcard date stamped by the US PCT/PTO office with the filing date and Serial Number. (Copies of the Express Mail Certificate, Label, and

postcard are enclosed). Applicant has never received an Official Filing Receipt in this application.

On February 6, 2002, applicant filed the Information Disclosure Statement, PTO-1449 form and references. (Copies of these documents, other than the references, along with a copy of the return postcard with the PCT/PTO date stamp are enclosed).

On July 23, 2002, applicant filed a Status Inquiry Letter, which was received and date stamped on the return postcard on July 29, 2002. In this letter Applicant indicated that an Official Filing Receipt had not been received and that applicant was still waiting for the "Notice to File Missing Parts" so that applicant could file the Declaration and Power of Attorney.

Applicant's Paralegal, Ms. Ruth Schreiber, called the PCT help desk on November 7, 2002 at 9:40 a.m. to inquire into the status of this case. Ms. Schreiber spoke with Ms. Sue Wolski and requested a status check on this file. Later in the day, Ms. Wolski called Ms. Schreiber and advised Ms. Schreiber that a Notification of Missing Requirements dated February 6, 2002 had been mailed to applicant. Ms. Wolski later faxed a copy of the Notification of Missing Requirements to applicant (copy attached). A response to this Notice was due April 6, 2002. Applicant has no record of receiving this Notification. The Status Inquiry Letter was mailed in July because applicant had not received any official correspondence from the PCT Receiving Office regarding this case.

The Declaration and Assignment documents were executed on December 10, 2001 and have been in applicant's file waiting for receipt of the Notification of Missing Requirements (Copies of these documents are enclosed). Applicant has been prepared to file the Declaration in response to the Notification of Missing Requirements since the middle of December 2001.

Applicant respectfully requests that the period for response to the Notification of Missing Requirements be reset and the enclosed Submission of Missing Parts be accepted as being timely filed.

Applicant believes that a fee of \$130.00 is due. However, in the event that an additional fee/credit is due, the Commissioner is authorized to charge/refund the fee/credit to Deposit Account No. 19-0615. Two copies of this paper are attached.

DOCK'D <i>Resubmission Petition</i> <i>due Feb. 10, 2003/e</i>					
DECISION					

This is a decision on applicants' "Petition Under 37 CFR 1.181 to Reset the Period for Response" filed on 18 November 2003 which is treated as a petition to withdraw the holding of abandonment. No fee is required.

BACKGROUND

On 06 February 2002, the United States Designated/Elected Office (DO/EO/US) mailed a Notification of Missing Requirements under 35 U.S.C. 371 (Form PCT/DO/EO/905) indicating that an oath or declaration in compliance with 37 CFR 1.497(a) and (b) must be provided. Applicants were given two months to respond with extensions of time available under 37 CFR 1.136(a).

On 29 July 2002, a "Status Inquiry" was submitted requesting information on the above-identified application.

On 18 November 2002, applicants submitted the instant petition which was accompanied by, *inter alia*, a document titled "Submission of Missing Parts" along with an executed declaration.

DISCUSSION

The time period to respond to the Form PCT/DO/EO/905 mailed 06 February 2002 including all extensions of time pursuant to 37 CFR 1.136(a) has already expired.

Accordingly, the above-captioned application is hereby **ABANDONED**.

In the instant petition, applicants claim that the Form PCT/DO/EO/905 mailed 06 February 2002 was never received until a copy was sent via facsimile in November 2002 after a call to the PCT Help Desk. Accordingly, this petition is deemed a petition

to withdraw the holding of abandonment based on a failure to receive an Office action, not a petition to reset the time period due to late receipt of an Office action. See § 711.03(c) MPEP.

Petition to Withdraw the Holding of Abandonment

The showing required to establish the failure to receive an Office communication consists of: (1) a statement from the practitioner declaring that the Office communication was not received by the practitioner; (2) a statement attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received; and, (3) a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioners' statement.

In the "Status Inquiry" filed 29 July 2002, applicants claim that "[w]e are currently waiting for the Official "Filing Receipt" and "Notice to File Missing Parts, *Filing Date Granted*." This statement satisfies item (1). ~~However, applicants have not made the required statement that a search of the file jacket and docket records indicate that the~~ Notification of Missing requirements was never received. As such, item (2) is not yet complete.

In addition, petitioners have not provided a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed. This requirement is outlined in section 711.03(c) of the MPEP which states, in part:

A copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement. For example, if a three month period for reply was set in the nonreceived Office action, a copy of the docket report showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted as documentary proof of nonreceipt of the Office action.

Applicants may provide a copy of the docket records for the date upon which a response to the Form PCT/DO/EO/905 mailed 06 February 2002 was due (*i.e.*, 06 April 2002). An example of such a record would be a daily "tickler" report or a daily log showing all applications for which a response is due on that date. However, this evidence has not yet been provided. As such, item (3) is not satisfied.

Applicants have not yet established nonreceipt of an Office action.

CONCLUSION

Applicants' petition to withdraw the holding of abandonment is **DISMISSED** without prejudice.

The application remains **ABANDONED**.
